- Full Stainless Steel Interior with Round Cavity
- Roast & Bake
- Custom Set

Stainless Steel

COUNTER-TOP

Space Saving Design

This attractive and compact unit combines a traditional microwave with a high-powered convection grill, adding style and convenience to your counter-top along with the freedom of a second oven. It's the perfect solution when you need more features in a smaller package.

Round Cavity

LG's innovative curved cavity maximizes turntable size and increases your usable space. It can accommodate large, round serving dishes, and also eliminates hard to reach corners and makes cleaning a breeze.

Technology Benefits

Hamburgers in a microwave? No problem. Heated air from the convection system aids in browning and sealing in flavor of your favorite foods just like a traditional oven. Using the Combination Cooking function adds the power of microwave energy to cut your cook time.

LMB0960

CAPACITY	
Oven Capacity	0.9 cu.ft.
FEATURES	
Watts Microwave	900
Watts Convection	1350
Watts Grill	1050
